

- **Dental Press Implantology** publishes scientific research articles, significant reviews, clinical case reports and techniques, brief communications and other materials related to Periodontics and Implantology.
- **Dental Press Implantology** uses the Publication Management System, an online system for submission and evaluation of works. To submit new works visit the website: www.dentalpressjournals.com.br
- Please send all other correspondence to:
Dental Press International
Av. Dr. Luiz Teixeira Mendes, 2.712 - Zona 5
Zip code: 87.015-001, Maringá/PR, Brazil
Phone: +55 (44) 3031-9818
E-mail: artigos@dentalpress.com.br
- The statements and opinions expressed by the author(s) do not necessarily reflect those of the editor(s) or publisher, who do not assume any responsibility for said statements and opinions. Neither the editor(s) nor the publisher guarantee or endorse any product or service advertised in this publication or any claims made by their respective manufacturers. Each reader must determine whether or not to act on the information contained in this publication. The Journal and its sponsors are not liable for any damage arising from the publication of erroneous information.
- To be submitted, all manuscripts must be original and not published or submitted for publication elsewhere. Manuscripts are assessed by the editor and consultants and are submitted to editorial review. Authors should follow the guidelines below.

GUIDELINES FOR SUBMISSION OF MANUSCRIPTS

- Manuscripts must be submitted via www.dentalpressjournals.com.br. Articles must be organized as described below.

1. Authors

- The number of authors is unlimited; however, articles with more than four authors must inform the participation of each one of them in the study.

2. Title page

- Must comprise the title, abstract and keywords.
- Don't include information about the authors (e.g., authors' full names, academic degrees, institutional affiliations and administrative positions). They should be included only in the specific fields of the site for article submission. Thus, this information will not be available to reviewers.

3. Abstract

- Preference is given to structured abstracts with 250 words or less.
- The structured abstracts must contain the following sections: INTRODUCTION, outlining the objectives of the study; METHODS, describing how the study was conducted; RESULTS, describing the primary results; and CONCLUSIONS, reporting the authors' conclusions based on the results, as well as the clinical implications.
- Abstracts must be accompanied by 3 to 5 keywords, or descriptors, which must comply with MeSH (www.nlm.nih.gov/mesh).

4. Text

- The text must be organized in the following sections: Introduction, Materials and Methods, Results, Discussion, Conclusions, References and Figure legends.
- Texts must contain no more than 4,000 words, including captions, abstract and references.
- Figures and tables must be submitted in separate files (see below).
- Insert the Figure legends also in the text document to help with the article layout.

5. Figures

- Digital images must be in JPG or TIF, CMYK or grayscale, at least 7 cm wide and 300 dpi resolution.
- Images must be submitted in separate files.
- In the event that a given illustration has been published previously, the legend must give full credit to the original source.
- The author(s) must ascertain that all figures are cited.

6. Charts and cephalometric tracings

- Files containing the original versions of graphs and tracings must be submitted.
- It is not recommended that such graphs and tracings be submitted only in bitmap image format (non-editable).
- Drawings may be improved or redrawn by the journal's production department at the criterion of the Editorial Board.
- Graphics must be cited in the text as Figures.

7. Tables

- Tables must be self-explanatory and should supplement, not duplicate the text.
- Must be numbered with Arabic numerals in the order they are mentioned in the text.
- A brief title must be provided for each table.
- In the event that a table has been published previously, a footnote must be included giving credit to the original source.
- Tables must be submitted as text files (Word or Excel, for example) and not in graphic format (non-editable image).

8. Ethics committees

- Articles must, where appropriate, refer to opinions of the Ethics Committees.

9. Required statements

All manuscripts must be accompanied with the following statements, to be filled at the time of submission of the article:

- Assignment of Copyright
Transferring all copyright of the manuscript for Dental Press International if it is published.
- Conflict of Interest
If there is any commercial interest of the authors in the research subject of the paper, it must be informed.
- Human and Animals Rights Protection
If applicable, inform the implementation of the recommendations of international protection entities and the Helsinki Declaration, respecting the ethical standards of the responsible committee on human /animal experimentation.
- Permission to use copyrighted images
Original illustrations or tables, or modified from copyrighted material must be accompanied by permission to be used, given by the owners of those rights and the original author (and the legend must give proper credit to the source).
- Informed Consent
Patients have a right to privacy that should not be violated without informed consent.

10. References

- All articles cited in the text must appear in the reference list.
- All listed references must be cited in the text.
- For the convenience of readers, references must be cited in the text by their numbers only.
- References must be identified in the text by superscript Arabic numerals and numbered in the order they are mentioned in the text.
- Journal title abbreviations must comply with the standards of the “Index Medicus” and “Index to Dental Literature” publications.
- Authors are responsible for reference accuracy, which must include all information necessary for their identification.
- References must be listed at the end of the text and conform to the Vancouver Standards (http://www.nlm.nih.gov/bsd/uniform_requirements.html).
- Use the following examples:

Articles with up to six authors

Sterrett JD, Oliver T, Robinson F, Fortson W, Knaak B, Russell CM. Width/length ratios of normal clinical crowns of the maxillary anterior dentition in man. *J Clin Periodontol.* 1999 Mar;26(3):153-7.

Articles with more than six authors

De Munck J, Van Landuyt K, Peumans M, Poitevin A, Lambrechts P, Braem M, et al. A critical review of the durability of adhesion to tooth tissue: methods and results. *J Dent Res.* 2005 Feb;84(2):118-32.

Chapter of Book

Kina S. Preparos dentários com finalidade protética. In: Kina S, Brugnera A. *Invisível: restaurações estéticas cerâmicas.* Maringá: Dental Press; 2007. cap. 6, p. 223-301.

Chapter of book with editor

Breedlove GK, Schorfheide AM. Adolescent pregnancy. 2nd ed. Wieczorek RR, editor. White Plains (NY): March of Dimes Education Services; 2001.

Dissertation, thesis and completion of course work

Beltrami LER. Braquetes com sulcos retentivos na base, colados clinicamente e removidos em laboratórios por testes de tração, cisalhamento e torção [dissertação]. Bauru (SP): Universidade de São Paulo; 1990.

Electronic format

Câmara CALP. Estética em Ortodontia: Diagramas de Referências Estéticas Dentárias (DRED) e Faciais (DREF). *Rev Dental Press Ortod Ortop Facial.* 2006 nov-dez;11(6):130-56. [Accessed on 2008 Jun 12]. Available at: www.scielo.br/pdf/dpress/v11n6/a15v11n6.pdf.
